CAPABILITY STATEMENT

Fire Rated Building Products

About Us:

Senior Management of Australian Fire Control (AFC) have been involved in the WA construction industry since 1979.

AFC is a licensed manufacturer and approved installing contractor for:

- The E-Core range of hinged and sliding Fire Doors.
- The Stoplevel & E-Glaze range of Fire Rated Glass.
- The Smoke Control range of Fire & Smoke Curtains.
- The Metashield range of steel Fire Shutters
- The Trafalgar range of Fire Rated Building Products.

With extensive experience in the application of intumescent fire rated paint working with multiple manufactures over 30 years including:

NULLFIRE
PROMAPAIN
PHOENIX
LEIGHS

Including In-house technical capability for Hp/A calculation and confirmation of required DFT's & WFT's for specialized projects.

Australian Fire Control employ 20 personnel, including 8 x site installers, 4 x manufacturing, 5 x administration, 2 x project supervisors and management.

AFC is currently undergoing Cat 3 vendor accreditation with Rio Tinto to enable us to work directly with them on a state wide basis for the fire upgrade of all existing switch-rooms, substations and other critical equipment.
